

G.G.

i tried everything, i even tried what you say
i waited for a year for you to see my way
i tried everything, i even tried what you do
Guess i'm gonna leave the junkie shit up to you

Ah-ha-ha-ha-ha G.G.

Seach for my home, more relaxed
i'm not immaculate
Gotta leave while you're jumping in the thick of it
It doesn't matter what you say or what you do to me
It doesn't matter, cause you know you're gonna pay your fee

i control

Hey...i...

i tried everything, i even tried what you say
i waited for a year for you to see my way
i tried everything, i even tried what you do
Guess i'm gonna leave the junkie shit up to you

It seems my sense of sight is stronger now that we're apart
i cast a spell in hopes that i would help your healing start
i keep the ritual right here in my pocket
...for 3 days time...

i control

Ah-ha-ha-ha-ha G.G.
