

I KNOW YOU

We understand
So would you please take my hand?
Here...i'll draw your bath and light your candles
i'd like to help you if i can

And i feel i've been here before
And i know you
i know you

OK, so you're invited to the gathering
Well, let's just see if you understand
i guess i must be pretty maddening with everything that i demand

And i feel i've been here before
And i know you
i know you
i never knew what i was headed for, but could i show you?

Here...it's my dream
Let me show you now
Now...here, what i mean, what i've seen
i control me now
Now...here...what you've been, what a scene!
Go and take a bow
Now...here...what i mean it my dream
Let me show you now

i know you

Your innocence
It does astound me
i marvel at the gem i've found

i just woke up to find out what's in store
So could i show you?

Here...it's my dream
Let me show you now
Now...here...what i mean, what a scene
The movie's over now

i know you
