

WEAPON

It's just a
It's just a weapon
It's just a weapon in my...

i'm gonna take everything i want to, so come play my game
i've got a tempered machine to sway you, and i'm not to blame

It's just a weapon in my hand
And it makes me feel that much better
i'm gonna use it when i can...i can

It's just a weapon
It's just a weapon in my hand

You best believe that i'll persuade you, and i won't feel shame
Best bet's to do ask i ask you, cause i won't be tamed
Be tamed...be tamed

It's just a weapon in my hand
And it makes me feel that much better
i'm gonna use it when i can
i'm gonna use it when i can
Cause it makes me feel that much better

i can...when i can
Ahh...i'll sit and plan
Ahh...i'll demand
When i can
When i can

It's just a weapon in my hand
And it makes me feel that much better
i'm gonna use it when i can
i'm gonna use it when i can
Cause it makes me feel that much better

i can...when i can
When i can
Ahh...i'll sit and plan
Ahh...i'll demand
